## About Us

Eastman Cast & Forge Ltd. (ECFL), a part of the prestigious JRS Eastman Group, has been at the forefront of manufacturing excellence since its inception in 1986. As a prominent player in the industry, ECFL has demonstrated its commitment to delivering high-quality tools and forging lasting partnerships with leading Original Equipment Manufacturers (OEMs).

**ECFL** is a part of the well-known JRS Eastman Group, which was founded in 1969 by visionary entrepreneur **Mr. J.R. Singal**.

With an impressive turnover of USD 530 million in the financial year (2024-25), the JRS Eastman Group has solidified its position as a key contributor to the Indian manufacturing sector. ECFL, in particular, operates on a large scale, with a sprawling manufacturing facility covering 44,000 square yards. The company's state-of-the-art infrastructure enables it to produce over 24 million tools per annum, serving a diverse range of industries.

ECFL has earned the trust and confidence of renowned OEMs such as John Deere, ISUZU, Mahindra & Mahindra, CNH (New Holland), Tafe, Eicher, Ashok Leyland, Tata Motors Ltd., Sonalika, TVS, and VST. These partnerships stand as a testament to ECFL's unwavering commitment to delivering superior products that meet the rigorous standards set by industry leaders.

To ensure efficient distribution and seamless customer service, ECFL has established a robust network of 40+ distributors, 1000+ dealers, and 6 Exclusive brand outlets across India. This expansive network enables the company to cater to the diverse needs of customers nationwide. ECFL's product portfolio encompasses a wide range of offerings, including hand tools, power tools, OEM tool kits, and cleansing solutions, ensuring that customers have access to a comprehensive array of reliable and innovative tools.

Recognizing the importance of after-sales support, ECFL has set up multiple authorized service centres strategically located to provide doorstep service to customers. This customer-centric approach ensures that users can rely on ECFL's prompt assistance and maintenance services whenever required.

Furthermore, ECFL has successfully expanded its reach beyond domestic boundaries. With touch points in 35+ countries across USA, Europe, Asia, and the CIS region, including key markets like Kazakhstan and Poland, ECFL has cemented its position as a global player. These international connections allow the company to cater to the diverse needs of customers worldwide and contribute to the growth of global industries.

Institutional sales are another core focus for ECFL, and the company has achieved 9 registrations with top-tier utilities in the country. An additional 20+ registrations are currently underway to support channel partners in supplying tools efficiently. By understanding market demands and conducting thorough market research, ECFL consistently introduces approximately 52 new items each year. This proactive approach enables the company to stay ahead of industry trends, meet customer expectations, and support its channel partners effectively.

Eastman Cast & Forge Ltd. remains dedicated to providing top-notch tools, fostering strong relationships with OEMs, and supporting its extensive distribution network. With a rich history of manufacturing excellence and a forward-thinking approach, ECFL is poised to continue its success story and contribute to the growth and development of the industry both domestically and globally.

# SCAFFOLDING MANUFACTURER

Traditional & Modular Scaffolding, Fittings and Formwork Products

## ABOUT US

Eastman Cast & Forge Ltd. offers a complete range of traditional and modular scaffolding, shoring systems, formwork solutions, and scaffolding accessories manufactured in compliance with international quality standards.

Backed by a skilled and experienced team, we are committed to supporting global construction projects with reliable, high-quality products. Our focus on strict quality control, precision manufacturing, and dependable service ensures consistent performance and long-term customer satisfaction worldwide.

Backed by a skilled and experienced team, we are committed to supporting global construction projects with reliable, high-quality products. Our focus on strict quality control, precision manufacturing, and dependable service ensures consistent performance and long-term customer satisfaction worldwide.

## MANUFACTURING STANDARDS

**Formwork and Scaffolding Components:** Manufactured as per internationally recognized DIN standards to ensure superior strength, dimensional accuracy, and long service life in demanding construction environments.

**Formwork Accessories:** Produced in strict accordance with DIN 18126, ensuring proper fitment, operational safety, and reliable site performance.

**Cast Iron Components:** Manufactured under DIN-EN 1562 and DIN-EN 1563, ensuring controlled material composition, high tensile strength, and consistent casting quality.

**Forged Components:** Produced as per DIN 7526-F, providing enhanced durability, structural integrity, and resistance to heavy load applications.

**Quality Assurance:** Every product undergoes systematic inspection at multiple production stages, including raw material verification, dimensional checks, and final performance testing. Our controlled manufacturing process guarantees safe, reliable, and high-performance solutions for global construction and infrastructure projects.

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

## SCAFFOLDING

### **BRITISH TYPE RIGHT ANGLE COUPLER Forged**

Size: 48mm Slipping force: 15 kN  
Failure force: 30 kN

### **BRITISH TYPE RIGHT ANGLE COUPLER Forged**

Size: 60 x 48mm 76 x 48mm

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

## **PUTLOG COUPLER with Forged/Pressed Clip**

Size: 48mm Min Slip Load: 1.25 kN  
Distortion Load: 2.30 kN

## **BOARD RETAINING BRACKET**

Size: 48mm

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

## GIRDER COUPLER

Size: 48mm

Min Slip Load:

X axis - 10kN per pair;

Y axis - 30kN per pair;

Z axis: 6.5kN per pair

## GIRDER SWIVEL COUPLER

Size: 48mm

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

## **SLEEVE COUPLER (Type-1)**

Size: 48mm Min Slip Load: 6 kN  
Min Bending Load: 19 kN

## **SLEEVE COUPLER (Type-2)**

Size: 48mm Min Slip Load: 6kN  
Min Bending Load: 19kN

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**RIGHT ANGLE  
COUPLER Pressed**  
Size: 48mm Slipping Force : 15kN  
Failure Force : 30kN

**SWIVEL COUPLER  
Pressed**  
Size: 48mm Slipping Force : 10kN  
Failure Force : 14kN

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**PROP DOUBLE  
COUPLER Pressed**  
Size: 60 x 48mm

**BRITISH TYPE SWIVEL  
COUPLER Forged**  
Size: 48mm Slipping Force: 10kN  
Failure Force: 14kN

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**PROP SWIVEL  
COUPLER Pressed**  
Size: 60 x 48mm

**HALF SWIVEL COUPLER  
Forged & Pressed**  
Size: 48mm

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**BANDED PLATE**  
Size: 48mm

**PRESSED BAND**  
Size: 48mm

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**FENCE COUPLER**  
Size: 48mm

**ROOFING COUPLER**  
Size: 48mm

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**STRAIGHT TREAD  
BRACKET**  
Size: 48mm

**LADDER CLAMP**

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**JOINT PIN**  
**Pressed & Forged**  
Size: 48mm

**PUT HEAD**  
Size: 48mm

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**EUROPEAN TYPE RIGHT  
ANGLE COUPLER Forged**

Size: 48mm Slipping Force: 15kN  
Failure Force: 30kN

**NAVY COUPLER  
FORGED**

Size: 48mm

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**LARGE SWIVEL  
COUPLER Forged**  
Size: 76mm

**EUROPEAN TYPE SWIVEL  
COUPLER Forged**

Size: 48mm Slipping Force: 10kN  
Failure Force : 14kN

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**AMERICAN TYPE RIGHT  
ANGLE COUPLER Forged**

Size: 48mm Slipping Force: 15kN  
Failure Force: 30kN

**AMERICAN TYPE SWIVEL  
COUPLER Forged**

Size: 48mm Slipping Force: 10kN  
Failure Force: 14kN

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**PROP RIGHT ANGLE  
COUPLER Forged**

Size: 76 x 48mm, 60 x 48mm, 90 x 48mm

**PROP SWIVEL  
COUPLER Forged**

Size: 76 x 48mm, 60 x 48mm, 90 x 48mm

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**PROP RIGHT ANGLE  
COUPLER Forged (with Ribs)**  
Size: 60 x 48mm, 76 x 48mm

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

## FORMWORK ACCESSORIES

**WALER PLATE**  
**with Swivel Nut (Cast)**  
Thread Size: 15mm Dywidag Thread

### HEX NUTS

Sizes: Sw30 x 30mm to SW 30 x 105mm  
Thread: 15mm DW Size: SW36 x 130mm  
Thread : 20mm DW

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**WALER PLATE**  
**with Swivel Nut (Forged)**  
Thread Size: 15mm Dywidag Thread

**WINGS NUTS**  
**(Cast & Forged)**  
Thread Size: 15mm Dywidag Thread

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

### **WALER PLATE (Pressed)**

Size: 120mm x 120mm x 6mm  
/ 8mm / 10mm

### **Formwork Panel Clamp (forged)**

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

**PROP NUT**  
Sizes: 69 & 76mm

**JACK NUT**  
Sizes: 34 38 & 48mm

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.

## STEEL WALERS

Sizes: 100 X 50mm  
Length: 0.5M to 4.0M

**TIE BAR**  
Sizes: 15mm & 20mm  
Cold Rolled, Fully Threaded,  
Weldable, Low Tie Bar

*Eastman Cast & Forge Ltd.* has been engaged in the scaffolding business since 1986 and is recognized as a reliable industry player. Scaffolding fittings are manufactured within the **Eastman** Group in strict compliance with EN 74-1, BS 1139, and AS 1576.2 standards, ensuring quality and safety.
